

FLAGSHIP INTRODUCES SERVICE NOW!

SAN JOSE, CALIFORNIA, FEBRUARY 6, 2019

In an effort to better serve the needs of the evolving marketplace, Flagship Facility Services is pleased to reintroduce its Service Now mobile support unit for building maintenance services. This offering includes a wide variety of services, from building maintenance, painting, lighting, electrical or plumbing.

"We've listened to the market and now, we're responding in a way that makes high quality facility services accessible to California businesses.", says Bruce Field, Vice President of Facility Services at Flagship. *"We realize that in some cases, a total facility maintenance solution is not what's needed, but up until now, customers had few choices – they either purchased it or their facility suffered. This move allows us to give them exactly the service they need when they need it".*

"Flagship will continue to self-perform all these services – a critical factor that sets us apart. At the end of the day, our goal is to build strong relationships built on providing value. Self-performing gives us the opportunity to do this while delivering an exceptional customer experience".

Founded in 1988, Flagship currently serves some of the nation's leading organizations - including Orlando, Tampa, and DFW International Airports as well as segment leaders in business and industry, from Silicon Valley to the east coast.

For more information on the new mobile facilities maintenance solution, please visit www.FlagshipInc.com/Service-Now.

About Flagship Facility Services

Flagship was founded in 1988 as a one-person operation, dedicated to the delivery of first-class commercial janitorial services. With headquarters in California, we currently provide facilities maintenance solutions to four of the top 10 airports in the nation, based on the 2017 *JD Powers Airport Satisfaction Rankings*. Since entering the market, we have become a recognized leader by offering a broad range of facilities services. With a staff of nearly 4,000 positioned throughout the United States, our broad suite of services includes facilities management, planning, culinary, and grounds.
